

*... just bicycle servicing & repairs in Stratford*

**BASIC SERVICE** - a thorough check for low/infrequent usage bikes, or just getting back on the road £30

**INTERMEDIATE SERVICE** - the popular one - comprehensive checks for bikes in regular use £45

**BIKE BUILD FOR A BOXED PURCHASE** - Unpack, build, mechanical and safety checks £25

**REPAIRS & RENEWALS** - *see website for details/costs*

Punctures\* and tyre fitting

Brakes - servicing/adjusting

Wheels/Hubs\*\* - servicing

Gears\*\* - adjusting/indexing

Fitting parts: bottom bracket, chain, headset, forks, full mudguards, race-blade mudguards, bar tape, pedals etc

Labour at a modest hourly rate for other work

All work will have an initial assessment and a fixed cost agreed - any variations as a result of findings during the work will be advised and approval obtained before proceeding.

*An appointment system is in operation for the workshop, with work normally completed on the same day - please email your request or complete the website online form.*

\* it is more economical to replace the inner tube rather than the labour to patch a punctured tube

\*\* there are a few jobs for which we don't have the specialist tools or equipment for: Di2/ electronic gear shifting, tubular tyre fitting, suspension servicing and motor related work for electric bikes.
