# Rob & Jon's LEJOG 2010

*Not LEJOG ... but Jon (left) and Rob relaxing at La Grande Motte on the Mediterranean coast having cycled the length of France from Calais.*

September 2008

**Rob & Jon** will be setting off from Land's End on Monday 7 June 2010 to cycle to John O'Groats - with a planned arrival on Saturday 19 June.

The route will be the reverse of Rob's JOGLE in 2005 (see No 176 in The Journals at [www.cycle-endoend.org.uk](http://www.cycle-endoend.org.uk)) except that it will cross the Severn Bridge at Bristol and follow the west side of the river, rather than crossing at Gloucester.

.oOo.

In the style of previous *Boys' Outings* it is expected that there will be a journal compiled and made available, together with the Route Book, in return for a donation to MacRide/Macmillan Cancer Support
